

WASIN LAOKHOT

SKILLS

Sound design, game audio integration, audio engineering, music production, 3D-modeling, 3D-animation, photoshop, flexibility, communication, problem-solving, fluent English, Thai and Swedish.

EXPERIENCE

DJ gigs, Various locations – *DJ*

2022 – PRESENT

I've done DJ gigs at small festivals like Summer Camp 2013 (Norrköping, Sweden), as well as at private events and outdoor venues.

Xylem Inc, Emmaboda – *Assembler*

2020 – 2021

I've worked as an assembler and my role involved building pumps according to instructions, which has honed my skills in tool handling and working with cranes.

Xylem Inc, Emmaboda – *Tester*

2018 – 2019

My first role at Xylem, where I conducted tests on newly manufactured pumps. As a tester, I monitored flow values and curves using a CAPT program and collected samples using various measuring instruments (vibration meters, sound meters, etc).

EDUCATION

Östra Grevie Folkhögskola, Östra Grevie – *Music & Sound Design*

AUG 2022 – PRESENT

The program consists of composition, audio engineering, equipment knowledge and sound design focused on gaming (integration & middleware).

Törnströmska Gymnasiet, Karlskrona – *High School Gaming Program*

2017 – 2019

During this specialized high school program, I acquired fundamental programming skills in C# and gained proficiency in 3D-modeling, sculpting, texturing and animation using Blender. Throughout my high school years, I also served as a Digital Coach, assisting in imparting knowledge in IT and software.
